BOBBY WATKINS

. . . gave me a story from a publication he received from his company and I think it shows that good times were rough [or at least costly] in the "good old days."

Dated April 9, 1863, it reads: "The Sheriff of Nugget City posted notices warning all townfolk and newcomers of a fine of $12 for riding a horse into saloons and dance halls; $10 for shooting firearms on Sunday; $20 and three days in jail for kidnapping dance hall girls; $12 for raiding another man's cabin; $2 for not helping extinguish a fire; and $12 for committing a nuisance in the street or creek."

HONDO DAY

. . . at Lackland AFB Thursday would have to be described as a great success. Or at least you will receive that report from the approximately 16 adults who made the journey.

The Senior Class of Hondo High School, or at least 93 of them, also made the trip and from the expressions I overheard they, too, enjoyed the day.

These days are sponsored at the giant training center as a gesture by Maj. Gen. Malloy, commander, to acquaint the public with what their tax dollar is accomplishing in this phase of the Air Force.

Hondo actually proved to be higher on the special treatment list than other towns in the area, simply because we have a closer tie with the Air Force since they are operating the Flying Screening Program at Hondo Airbase. So this brought on a special visit to the Officers Training School, commanded by Brig. Gen. Cecil E. Fox.

Everyone enjoyed a graduation ceremony and parade, lunch and a briefing by the general himself.

On the Lackland side Gen. Malloy and Brig. Gen. Pitt greeted the group and Base Commander Col. McCrary was the perfect host in accompanying the Hondoites around all day, giving them a briefing on Lackland, and seeing they visited the beautiful chapel, a basic training dorm and dining hall. Maj. Hull of the Information Office made a perfect tour guide.

One of the pleasures, as it always is, was meeting someone from Hondo, Col. and Mrs. Art Schroeder. Mrs. Schroeder is the former Barbara Graff of Hondo and she made the entire day with the group.

Art Schroeder said the year that he and Barbara were married several men in his navigation class in Hondo married local girls. "I don't think we were very popular with the young men of the town back then," he said.

I would like to say that our seniors made the day more of a pleasure. Everyone in Hondo can be proud of them as representatives of our community. When you can get 93 people together and still come up with exemplary behavior as was shown by this group then you can be proud.

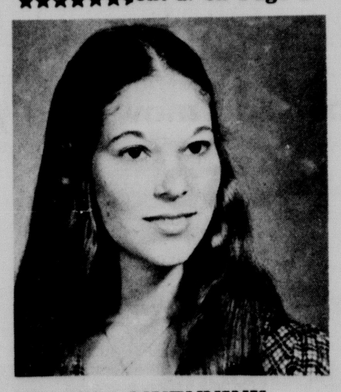

So, personally, I would like to tell them that all the adults on the trip commend them on their part in helping us put Hondo's "best foot forward."

While we were at the Officers Training School another Hondo resident came by to say hello. MSgt Eugen Reinartz just "wanted to come by and welcome his neighbors to the base." And also "making the day" with us was Lt. Col. Poole of the flying

Train crash in Sabinal kills one, smashes cars

One man was killed, many narrowly escaped, and much property was destroyed in the Monday night derailment of a speeding eastbound Southern Pacific freight train on the western edge of Sabinal.

Killed in the mishap was Ed Lopez, 52, of Sabinal. Mr. Lopez was walking near the crossing, and had stopped to wait for the train to pass before crossing the tracks.

Struck by the careening rail cars, he was killed instantly.

More than 40 workers in the packing shed alongside the tracks at the accident scene were at work when the cars began leaving the tracks at 8:17 p.m.

The men poured out of the building to the south side; fortunately almost all the cars in the accident fell to the north side of the track. None of the men were injured, but the loading dock, cooler, and storage areas of the packing shed were heavily damaged.

As derailed cars scraped against the building, a Japanese sedan was deposited upside--down in the shed and another was crushed against the side of the building.

Fifteen railroad cars in all--twelve of them carrying automobiles and three carrying piggyback containers--were destroyed.

No damage estimate was available Tuesday morning as railroad officials awaited word from insurance investigators. But damages were massive, and almost all the cars and their cargo sustained damage.

Though the accident tore up hundreds of feet of track on the mainline SP route, work crews had cleared debris and constructed a temporary track by early Tuesday morning.

Work on clearing the wrecked cars will continue through the week; final disposition of all the damaged goods may take a month.

Meanwhile, freight and passenger trains are moving again, but very slowly past the accident scene.

A BLAZER . . . When Joe Neuman's Plaza Bar on 17th Street went up in smoke early Sunday morning, it became a blazing inferno. Hondo Volunteer firemen fought the fire for a long time but could not save anything but an outside shell. Exact cause of the fire has not been determined.

Hondoans enjoy 'day'

Hondo Day at Lackland AFB on May 16 was a rousing success, if one can measure success by the many comments of praise passed out by those who attended.

A total of 113 Hondoans, including 93 members of the Senior Class, visited Lackland and the Officers Training School as guests of the Air Force.

Although many towns in the area are enjoying "their day" at Lackland, Hondo enjoyed a special treat due to the fact the Air Force Flight Screening Program is located at Hondo Airbase.

In addition to being greeted at Lackland by Center Commander Maj. Gen. Malloy, Deputy Commander Brig. Gen. Pitt, Base Commander Col. McCrary and Maj. Hull of the Information Office and shown about Lackland, those making the trip also visited the Officers Training School.

There Brig. Gen. Cecil Fox, commander, hosted them at a graduation parade and lunch, with a personal briefing sandwiched in between.

At Lackland, Hondoans heard a briefing on the giant training center, visited its beautiful chapel, which is the second largest in the armed forces, visited a dorm and took a bus tour of the base.

City Manager Fritz Leinweber, Supt. Kenneth Flory and Burnis Lawrence represented the city, the

Okay, bobcat catchers, here's your chance. If you can find one a week or two old and survive getting him away from his mama, you can make $30 bucks. Of course, if the mama decides to resist your kidnapping her offspring, that $30 might just pay for the bandages you need to wrap up your wounds.

Are you aware of the different sizes of bandages, tape and gauze rolls? Different sizes easily fit different parts of the body and give better protection to a wound. SUPPORT WOLFF . . . Three Hondo residents threw their support behind Sen. Nelson Wolff in his bid for Congress in the 21st Congressional District. After making the announcement of support the three posed for this picture with Wolff. They include: County Judge Jerome Decker, Hondo Mayor J. Gordon Barry and Dr. Parker Meyer.

Big doings goin on

Two big, fun events hold attraction for area fun lovers this weekend, one in Bandera and the other in Kerrville.

Up in Bandera the Chamber of Commerce is sponsoring a Hill Country Championship Chili Cookoff Saturday at the Recreation Center. There also will be an Old Time Fiddlers contest, and a big Western Dance featuring Nashville artists.

Other features include: tobacco spitting contest, cow chip throwing contest, wood calf tying contest, hat stomping contest and a watermelon seed spitting contest.

It all costs only $2.50 all day.

Arts & Crafts

Then over in Kerrville the third annual Texas State Arts & Crafts Fair opens Friday on the campus of Schreiner College.

This fair covers everything one would wish to see or do. It offers visitors a truly exciting day of meeting fine Texas artists, music, good food, demonstrtions of unusual skills and even a creek for wading.

And this one only costs $1 to see.

PROPER TOOLS MAKE JOB EASY

When your child runs in crying with a cut or scrape do you have the proper things on hand to clean and bandage? Or do you have to "make do" with what you've got? It's a good idea to keep a variety of items on hand. Having the right thing always makes the job easier.

Are you aware of the different sizes of bandages, tape and gauze rolls? Different sizes easily fit different parts of the body and give better protection to a wound. We will be pleased to introduce you to the basic items you should stock in your medicine chest. Shopping in a profesisonal type pharmacy makes all the difference.

"A GREAT MANY PEOPLE EN TRUST US with their prescriptions, health needs and other pharmacy products. We consider this trust a privilege and a duty. May we be your personal family pharmacy? We welcome requests for delivery service and charge accounts."

Fund-raising projects benefit Pablo Guajardo

Pablo Guajardo, 15, son of Mr. and Mrs. Pablo Guajardo Sr. of 1315 Avenue E, will be the beneficiary of several fund-raising projects in Hondo to aid in his recovery from a strange illness.

Pablo was hospitalized in San Antonio last week, in a coma and suffering from what is now believed to have been an attack of spinal meningitis.

Early in the week he regained consciousness, but was paralyzed from the waist down.

The Hondo Little League donated all gate and concession stand receipts from games held Tuesday and Wednesday night, plus Senior League games Tuesday and Friday night to aid in paying the former Little Leaguer's medical costs.

Several other groups are also holding fund raising projects to assist the family.

The story has taken a happier turn. . . Wednesday morning doctors in San Antonio reported that feeling has returned to the legs of young Guajardo, and that it now appears he will be able to walk again.

He may be released from the hospital within the next week or ten days if he continues to show improvement.

Sausage supper slated

"It won't be long before it's sausage time."

Hondo Volunteer Fire Department members are singing this paraphrase of an old Buck Owens song to remind everyone that on June 7 they will hold their annual Sausage Supper.

The appetizing event will be held in the Hondo City Park Friday, June 7, beginning at 6 p.m.

And the going price is only $1.75 per plate.

Burglary suspect pleads guilty

Joe Jacinto Santillano, 20, of 2109 17th St. pleaded guilty to three charges of burglary in District Court, and was given a 6-year sentence by Judge Ross Doughty.

Santillano, arrested in connection with the recent rash of "cat burglaries" in Hondo, was found guilty of entering the Tom Kuykendall, Myles Weynand and Robert Bendele homes. Judge Doughty also revoked a previous probation.

Santillano remains housed in the Medina County Jail. He is being held for Abilene authorities who want Santillano in connection with a series of burglaries in that Texas city.

Rhonda Hare scholarship recipient

The Scholarship Committee of the Winter Garden Texas Exes Association of The University of Texas selected Rhonda L. Hare of Hondo as the recipient of their $500 scholarship to The University of Texas at Austin. Members of the committee met in the home of Mrs. Fredna Wood, Chairman, on May 14 to make the selection.

The notification will be announced at graduation exercises at Hondo High School, and Miss Hare, who is the daughter of Mr. and Mrs. Bill Hare, will soon receive a congratulatory letter and a Scholarship Certificate from The University of Texas Ex-Students Association.

At the Scholarship Dinner at the Alumni Center in Austin in September during the first week of classes, Miss Hare will receive her check when she presents her Scholarship Certificate.

At the dinner, Alumni Scholars from different Texas Ex Clubs are introduced to the President and other UT administrators and deans. It is their time to have a rare opportunity to get to know University officials and feel that they are beginning their education at The University of Texas with a real Orange Carpet welcome.

Before these Alumni Scholars take their first round of exams, The Ex-Students' Association staff prepares "WE CARE" packages of cookies, fruit, peanut butter, cheese, and other nourishment for long-night study sessions, and then delivers them to the students' rooms.

The Winter Garden Texas Ex Scholarship Committee is composed of Mrs. Wood of Cotulla, Dale Fountain of Uvalde, Ed Holcomb of Pearsall, Joe Byrd of Crystal City, Mrs. Tommy Power of Carrizo, Arnold Schwartz of Eagle Pass and Hugh Meyer of Hondo, whose efforts helped Rhonda in this selection.

Couples tour Europe

Mr. and Mrs. Henry E. Lindeburg and Mr. and Mrs. O. M. Redus have returned from a delightful sunny tour of five Alpine countries.

The farms around Geneva, Switzerland defy description with the Alps in the background and tulips in full bloom in each yard.

They particularly enjoyed going to the highest peak by ski lift in Chamonix, France. On the very top is a rocket and as the snowy blizzard condition came and went, they could catch a glimpse of it.

They visited the Castle of Chillon made famous by Lord Byron's poem, "The Prisoner of Chillon".

One day was spent in the beautiful medieval city of Berchtesgadener. At noon they were served a cheese fondue lunch followed by a trip to a high waterfall coming from a cave.

By fast electric train they traveled all day to Munich, Germany where they saw the fabulous Olympic grounds, the famous clock dancers on the city hall tower, the king's palace and gardens, plus other points of interest.

The last day was spent in Salzburg, Austria, the beautiful city where Mozart was born. They toured the various places where The Sound of Music was filmed.

The shopping areas at each stop were an exciting adventure but the American dollar had little value so everything was very expensive.

On return trip they spent a couple hours in Shannon, Ireland where each farm is divided by a living fence.

Henry kept the 253 passengers entertained with tall tales of Texas and everyone learned where Quihi is located as O. M. insisted that he did not live in Hondo. Chamber of Commerce cards were passed out along the way to prove that the four were glad to get back to God's Country.

Garden Club officers attend workshop

District VII Texas Garden Club Incorporated, will hold a workshop for new club officers on May 30, at San Antonio Garden Center.

Mrs. D. L. W. Carter, district director, will conduct the session.

Attending from Hondo Garden Club will be Mrs. Doug Mogford, president; Mrs. O. M. Redus, vice-president; Mrs. George Cole, district chairman for Junior Garden Club and Mrs. Hilmer Haegelin, District Chairman for Sears program.

Although the voice of the turtle has not been heard in our land [as reported in Solomon II:12] at least one of the Atlantic Ridley turtles has returned to the place of her birth on South Padre Island, where she laid 117 eggs, according to a local news report.

She must have arrived almost on time for Mother's Day, 1947, and is thought to be one of about 1,200 hatched on the Island between 1963-1967.

Members of the Valley Sportsmen's Club brought Ridley eggs from a beach near Tampico, Mexico, and planted them along Padre beach. About 1,200 hatched and the baby turtles were headed for the Gulf when last seen.

The turtle which checked into the local sandy maternity ward this week, weighed 80 pounds and measured 26 inches across the shell. Quite an increase for the tiny half-ounce, silver-dollar sized creature that struck out for deep water about eight years ago. The eggs will hatch in about 54 days and must then be protected from predators which include coyotes, crabs, and even curious humans.

If you need statistics to back up facts for the benefit of some "Doubting Thomas", try this on for size: Texas measures 801 miles from north to south and 773 miles from east to west, with each distance being measured at the longest possible spot.

The Texas Almanac says it is so. A far piece to walk, in either direction!

A letter from HILDEGARD [Mrs. Ray] REXROAD, former Hondoan, says: "Reading the Hondo Anvil Herald is almost [but not quite] like being there. I wonder if friends have forgotten us because we get so little mail. I am not complaining. It is beautiful here but the truth is I miss living in a small town and how I do miss the many friends we made while there."

OK, Hildegard's friends. Take pen in hand and write. And, be sure to mail the letter. I am following my own advice. [1539 Americana Blvd. #12A, Orlando, FL 32809]

The poet asks, "And what is so rare as a day in June?" Then, along comes our more practical and factual-minded National Hurricane Center and reports, bluntly, that 21 female names have been selected to identify any hussy hurricanes that might be travel-minded during the '74 hurricane season schedule to begin, officially, June 1 and keep us on guard through November 30.

Are you among the trouble makers whose names are Alma, Becky, Carmen, Dolly, Elaine, Fifi, Gertrude, Hester, Ivy, Justine, Kathy, Linda, Marsha, Nelly, Olga, Pearl, Roxanne, Sabrina, Thelma, Viola and Wilma?

Try to be good girls this year, please.

Anticipation, experience and retrospection are said to be the three "measurements" applied to enjoyment.

When I was "home" in March, I experienced a most enjoyable treat in the home of the BOB [Anne] PEDENS when their older son, SCOTT, invited Sally and me to "come over."

Scott played what, to me, seemed an amazing variety of selections on his big and beautiful organ and his "audience" was impressed by the ease with which he accomplished the entire performance, some of it "ad libitum", with complete poise and self-assurance. He even played a few of his own "compositions" which he said were the most fun to do because sometimes they contained "surprises".

Even younger brother JAMES is proud of Scott's accomplishments. And, James has some very convincing ones of his own. I was glad not to have been asked to read some of the "jaw-breaker" scientific and other terms that James could read off with a minimum of hesitancy between occasional syllabic "traps." His big eyes would question Scott: "You're going to teach me some more, too, aren't you?"

Candles. . . shedding beams. . . and giving me something sweet and touching to remember, at the risk of sounding "sentimental".

This is borrowed from Charles Lamb's A Chapter on Ears: "Sentimentally, I am disposed to harmony; but organically I am incapable of a tune." [And, no pun intended.]

The agricultural editor of a metropolitan Texas daily says that during the past ten years, labor costs in the food industry have risen 80%, or ten times faster than productivity. We grow super oranges in Texas but find Florida oranges on the food store shelves. The Florida oranges must be handled as many as 17 times before they reach Texas food baskets.

Since I do almost none of the family marketing, I feel new shock waves every time I go along for the ride, when I see the mounting costs.

It doesn't help to learn [from reading] that milk and bread prices could be cut drastically if these products could be stacked on the shelves or placed in refrigeration by store clerks instead of by the highly paid truck drivers who, in addition to regular wages receive a commission for each loaf of bread or carton of milk placed in refrigeration.

Rhonda Hare scholarship recipient

The Scholarship Committee of the Winter Garden Texas Exes Association of The University of Texas selected Rhonda L. Hare of Hondo as the recipient of their $500 scholarship to The University of Texas at Austin. Members of the committee met in the home of Mrs. Fredna Wood, Chairman, on May 14 to make the selection.

The notification will be announced at graduation exercises at Hondo High School, and Miss Hare, who is the daughter of Mr. and Mrs. Bill Hare, will soon receive a congratulatory letter and a Scholarship Certificate from The University of Texas Ex-Students Association.

At the Scholarship Dinner at the Alumni Center in Austin in September during the first week of classes, Miss Hare will receive her check when she presents her Scholarship Certificate.

At the dinner, Alumni Scholars from different Texas Ex Clubs are introduced to the President and other UT administrators and deans. It is their time to have a rare opportunity to get to know University officials and feel that they are beginning their education at The University of Texas with a real Orange Carpet welcome.

Before these Alumni Scholars take their first round of exams, The Ex-Students' Association staff prepares "WE CARE" packages of cookies, fruit, peanut butter, cheese, and other nourishment for long-night study sessions, and then delivers them to the students' rooms.

The Winter Garden Texas Ex Scholarship Committee is composed of Mrs. Wood of Cotulla, Dale Fountain of Uvalde, Ed Holcomb of Pearsall, Joe Byrd of Crystal City, Mrs. Tommy Power of Carrizo, Arnold Schwartz of Eagle Pass and Hugh Meyer of Hondo, whose efforts helped Rhonda in this selection.

ROYALTY . . . King and Queen of Brown's Convalescent and Nursing Center were crowned May 16 and they were Julius Marquis and Johanna Leinweber. They were named by the Cheer Aiders volunteers who also snapped this picture of the new royalty.

Cheer Aiders News

We would like to thank everyone who helped us with our bake sale back in April. Especially those who donated baked items, but also those who bought them.

The money, of course, is put to very good use. We are able to buy many items to use on craft days and are also purchasing nice prizes.

The Cheer Aiders would like to thank Dan's Drug for another big box of gifts donated to us. They are a fine supporter. Thank you Bill Butler.

In May at Brown's Nursing Home the ladies are continuing to paint their pictures on wood. They are very nice. Anyone that would like to help these ladies on Tuesday mornings please feel free to come over and visit between 9:30 and 11 a.m. We always welcome more help. Please come.

On Wednesday between 2 and 3 p.m. we play bingo. If you would like to help on Wednesday.

We, of course are always asking and looking for volunteers. There are never too many! If you have only 30 minutes to give we will be happy to see you.

If you like to play pitch or dominoes come on Friday mornings. We play from 9:30-11:30.

Our big news for May was crowning our King and Queen. Miss Johanna Leinweber and Julius Marquis received the honor. For the year of 74-75 they will receive a nice surprize on the 16th of each month.

Couples tour Europe

Mr. and Mrs. Henry E. Lindeburg and Mr. and Mrs. O. M. Redus have returned from a delightful sunny tour of five Alpine countries.

The farms around Geneva, Switzerland defy description with the Alps in the background and tulips in full bloom in each yard.

They particularly enjoyed going to the highest peak by ski lift in Chamonix, France. On the very top is a rocket and as the snowy blizzard condition came and went, they could catch a glimpse of it.

They visited the Castle of Chillon made famous by Lord Byron's poem, "The Prisoner of Chillon".

One day was spent in the beautiful medieval city of Berchtesgadener. At noon they were served a cheese fondue lunch followed by a trip to a high waterfall coming from a cave.

By fast electric train they traveled all day to Munich, Germany where they saw the fabulous Olympic grounds, the famous clock dancers on the city hall tower, the king's palace and gardens, plus other points of interest.

The last day was spent in Salzburg, Austria, the beautiful city where Mozart was born. They toured the various places where The Sound of Music was filmed.

The shopping areas at each stop were an exciting adventure but the American dollar had little value so everything was very expensive.

On return trip they spent a couple hours in Shannon, Ireland where each farm is divided by a living fence.

Henry kept the 253 passengers entertained with tall tales of Texas and everyone learned where Quihi is located as O. M. insisted that he did not live in Hondo. Chamber of Commerce cards were passed out along the way to prove that the four were glad to get back to God's Country.

Garden Club officers attend workshop

District VII Texas Garden Club Incorporated, will hold a workshop for new club officers on May 30, at San Antonio Garden Center.

Mrs. D. L. W. Carter, district director, will conduct the session.

Attending from Hondo Garden Club will be Mrs. Doug Mogford, president; Mrs. O. M. Redus, vice-president; Mrs. George Cole, district chairman for Junior Garden Club and Mrs. Hilmer Haegelin, District Chairman for Sears program.

Although the voice of the turtle has not been heard in our land [as reported in Solomon II:12] at least one of the Atlantic Ridley turtles has returned to the place of her birth on South Padre Island, where she laid 117 eggs, according to a local news report.

She must have arrived almost on time for Mother's Day, 1947, and is thought to be one of about 1,200 hatched on the Island between 1963-1967.

Members of the Valley Sportsmen's Club brought Ridley eggs from a beach near Tampico, Mexico, and planted them along Padre beach. About 1,200 hatched and the baby turtles were headed for the Gulf when last seen.

The turtle which checked into the local sandy maternity ward this week, weighed 80 pounds and measured 26 inches across the shell. Quite an increase for the tiny half-ounce, silver-dollar sized creature that struck out for deep water about eight years ago. The eggs will hatch in about 54 days and must then be protected from predators which include coyotes, crabs, and even curious humans.

If you need statistics to back up facts for the benefit of some "Doubting Thomas", try this on for size: Texas measures 801 miles from north to south and 773 miles from east to west, with each distance being measured at the longest possible spot.

The Texas Almanac says it is so. A far piece to walk, in either direction!

A letter from HILDEGARD [Mrs. Ray] REXROAD, former Hondoan, says: "Reading the Hondo Anvil Herald is almost [but not quite] like being there. I wonder if friends have forgotten us because we get so little mail. I am not complaining. It is beautiful here but the truth is I miss living in a small town and how I do miss the many friends we made while there."

OK, Hildegard's friends. Take pen in hand and write. And, be sure to mail the letter. I am following my own advice. [1539 Americana Blvd. #12A, Orlando, FL 32809]

The poet asks, "And what is so rare as a day in June?" Then, along comes our more practical and factual-minded National Hurricane Center and reports, bluntly, that 21 female names have been selected to identify any hussy hurricanes that might be travel-minded during the '74 hurricane season schedule to begin, officially, June 1 and keep us on guard through November 30.

Are you among the trouble makers whose names are Alma, Becky, Carmen, Dolly, Elaine, Fifi, Gertrude, Hester, Ivy, Justine, Kathy, Linda, Marsha, Nelly, Olga, Pearl, Roxanne, Sabrina, Thelma, Viola and Wilma?

Try to be good girls this year, please.

Anticipation, experience and retrospection are said to be the three "measurements" applied to enjoyment.

When I was "home" in March, I experienced a most enjoyable treat in the home of the BOB [Anne] PEDENS when their older son, SCOTT, invited Sally and me to "come over."

Scott played what, to me, seemed an amazing variety of selections on his big and beautiful organ and his "audience" was impressed by the ease with which he accomplished the entire performance, some of it "ad libitum", with complete poise and self-assurance. He even played a few of his own "compositions" which he said were the most fun to do because sometimes they contained "surprises".

Even younger brother JAMES is proud of Scott's accomplishments. And, James has some very convincing ones of his own. I was glad not to have been asked to read some of the "jaw-breaker" scientific and other terms that James could read off with a minimum of hesitancy between occasional syllabic "traps." His big eyes would question Scott: "You're going to teach me some more, too, aren't you?"

Candles. . . shedding beams. . . and giving me something sweet and touching to remember, at the risk of sounding "sentimental".

This is borrowed from Charles Lamb's A Chapter on Ears: "Sentimentally, I am disposed to harmony; but organically I am incapable of a tune." [And, no pun intended.]

The agricultural editor of a metropolitan Texas daily says that during the past ten years, labor costs in the food industry have risen 80%, or ten times faster than productivity. We grow super oranges in Texas but find Florida oranges on the food store shelves. The Florida oranges must be handled as many as 17 times before they reach Texas food baskets.

Since I do almost none of the family marketing, I feel new shock waves every time I go along for the ride, when I see the mounting costs.

It doesn't help to learn [from reading] that milk and bread prices could be cut drastically if these products could be stacked on the shelves or placed in refrigeration by store clerks instead of by the highly paid truck drivers who, in addition to regular wages receive a commission for each loaf of bread or carton of milk placed in refrigeration.

Kindergarten remains same says Woolls

The 1974-75 Kindergarten program at Meyer Elementary School will be the same as the 73-74 program, Bud Woolls, principal, announced this week.

Children who cannot speak or comprehend the English language to the extent that they are not familiar with the common English language words that are necessary for normal progress in the first grade or a child who is from a family whose annual income is $3,000 or less and who will be five years old on or before September 1, 1974, are eligible to enroll in the kindergarten program. This program is a full-day, all year, non-tuition program.

All English speaking students who will be five years old on or before September 1, 1974, are eligible for a full day kindergarten program for one-half of the school year. The older half of the English speaking five years olds will attend the second half of the year.

Registration for Kindergarten will be held during the week of August 5-9. Children entering the kindergarten and the first grade are required to have a birth certificate and immunization record upon entry in either grade.

Today's Army needs more bright young women than ever before. So we're offering more opportunities than ever before.

New career opportunities. In Medical Skills, the Army Security Agency, Special Intelligence, Language School, and Strategic Communications. Over 300 in all, and almost every job open to men is now open to women. At the same pay, a very good salary right from the start.

New uniforms. We're working on a whole new uniform wardrobe, including some things you can wear right now. A black felt beret, white shirt, gloves and scarf. Smart patent leather, low-heeled shoes, clutch handbag, and a matching umbrella and raincoat.

New opportunities for travel. Now, you don't have to serve a year in the States before you can go to Europe or Hawaii or some other exciting place overseas. You can go right after your training.

Plus, we provide your food and housing, free medical and dental care. And 30 days paid vacation each year. Finally, when your enlistment is over, there's up to 36 months of financial assistance at the college of your choice.

Do you want the San Antonio political machine to own your next U.S. Congressman?

Or do you want a congressman like Bob Krueger who will represent all the people of the 21st district?

Unlike NELSON WOLFF, the handpicked candidate of the San Antonio political machine, BOB KRUEGER is a man who believes that its time for government to represent the great majority of the American people.

He has spoken out:

For a balanced budget
For the right to work on a national level
For a strong military
For an agricultural policy which encourages rather than discourages agricultural production
For a freer market system
Against forced busing
Against general amnesty
Against gun control
Against metro-government

Hebbronville takes two straight

'Horns down Hondo

Hondo's post-season baseball fortunes were short-lived as the Owls were eliminated in two straight bi-district playoff games at the hands of the Hebbronville Longhorns.

Hebbronville has continued so far in their winning ways.

Against Regional rival Refugio, which took two straight from Karnes City 12-3 and 3-2, the Longhorns won Tuesday night, 7-3 in eight innings.

They will finish that playoff series Friday at Hebbronville.

In a Wednesday afternoon game at Hebbronville the Owls took a brief 1-0 lead but fell behind in the fifth and eventually lost 3-1.

Alex Mendoza led off the third inning of the 0-0 contest with a grounder and was safe on an error. Bobby Cox advanced Mendoza with a single, and Mendoza scored on a pitcher's error as David Knowles grounded out.

The Owls held their slim lead till the fifth, when with one out David Soliz singled.

George Salines sacrificed Soliz to second and Juan Salinas walked. Then Bryan Gonzales lofted a fly to center. Bobby Cox misplayed the ball and it fell free, scoring Soliz and Salinas.

Hebbronville added another run in the sixth, to win 3-1.

Hondo could gather only three hits off Longhorn pitcher Carlos Garza. Bobby Cox rapped two singles, and Gene McAnelly added another for the only Owl hits. Garza struck out five Hondo players, walking none en route to his victory.

Losing pitcher for Hondo was Gordon Bohmfalk. He allowed five Hebbronville hits, walking three and striking out two. Bohmfalk was relieved in the sixth by Tony Muniz. Muniz struck out one and walked none, allowing three hits.

The second game of the best-of-three series was played in Hondo Friday night.

Again, costly Owl errors cost Hondo an early lead and allowed the Longhorns to take the series in two straight games.

Leadoff man Juan Salinas lost no time in reaching base on a Hondo error in the first inning.

He later scored on a single by Carlos Garza to give Hebbronville the lead.

In the second inning Bobby Cox led off for Hondo with a single. Two batters later, Cox scored as the Longhorns pulled off a double play.

In the third inning Simon Arcos led off with a grounder and another Hebbronville error. A sacrifice fly scored Arcos and the Owls led 2-1.

But an inning later Javier Pena singled and scored on a Hondo error which saw David Ramirez reach base safely. Ramirez scored on Garza's single, and later Garza himself came in to score on a passed ball.

From that point both defenses stiffened and no more scores were made by either side.

PRESSURE GOOD? . . . Sen. John Traeger of Seguin was one of the many members of the Texas Legislature who had their blood pressure taken at a special screening program conducted in the House chambers by the American Heart Association and CIBA Pharmaceutical firm. The testing was held in conjunction with High Blood Pressure Month, so proclaimed by Gov. Dolph Briscoe in May. Senator Traeger urges everyone to "reduce their risk of heart disease and have their blood pressure checked."

Hondo turned back a Longhorn threat in the seventh that saw men on first and third with no outs, but the Owls were unable to score in their last chance of the game and Hebbronville won it 4-2.

Ramirez took credit for the win as he struck out five, walked three and gave up five hits. Bob Spears gave up six hits, struck out three and walked two en route to his loss.

For Hondo Simon Arcos, Gordon Bohmfalk, Mike Groff, Bobby Cox and David Knowles each had a single. Leading Hebbronville hitter was Brian Gonzales with two singles.

Cowboys lose bi-district

D'Hanis Cowboys lost their bid for a bi-district title Wednesday night as Bruni came from behind to win 5-2.

D'Hanis' final standing is 7-10 for the year. Bruni can not compete further under Class B rules which end baseball playoffs at bi-district.

Bruni scored a run in the first inning when leadoff man Mendoza singled and later scored on a left-fielder's error.

D'Hanis countered in their half of the first with two runs. Bobby Joe Rothe led off with a single, and was followed by Richard Rothe's single. Allen Huser and Leroy Reyes also singled to score the two men.

Bruni came back to tie the game again in the second when Jimenez walked, reached second on a passed ball, and scored on Mendoza's single.

Bruni re-took the lead in the fifth inning. Veza walked to lead off, and Carrizales reached on an error. Both scored on Pepez' double, and Pepez scored on another error to put Bruni ahead 5-2.

D'Hanis added a run in the sixth when Allen Huser tripled and scored on Ronnie Koch's double.

Winning pitcher in the game was Munoz of Bruni, who went the distance. Bobby Joe Rothe absorbed the loss for D'Hanis.

Leading D'Hanis hitters were Allen Huser with three hits including a triple, Richard Rothe with two singles, Ronnie Koch with a double, and Bobby Joe Rothe and Lee Roy Reyes with singles.

Some lawns getting SAD

Many home lawns in the Medina County area are looking unsightly as a result of a disease called St. Augustine Decline (SAD), according to Glenn Bragg, County Agent. Symptoms of SAD are mottling, yellowing, stunting and sometimes death!

Several grass specimens from lawns in the area have been diagnosed as SAD.

There are presently no known chemicals for controlling this virus. Grass infected with the virus will respond temporarily to increased chemical nutrition. However, the response will not be long lasting and the disease symptoms will remain, says Bragg. After infection, it generally takes about three years before the St. Augustine grass becomes weakened to the extent that it dries out or is invaded by other grasses and weeds.

Grass that survives infection may have a degree of tolerance to the virus Homeowners should look for remaining healthy clumps of grass and increase these as a possible source of resistant grass type.

Some lawns getting SAD

Many home lawns in the Medina County area are looking unsightly as a result of a disease called St. Augustine Decline (SAD), according to Glenn Bragg, County Agent. Symptoms of SAD are mottling, yellowing, stunting and sometimes death!

Several grass specimens from lawns in the area have been diagnosed as SAD.

There are presently no known chemicals for controlling this virus. Grass infected with the virus will respond temporarily to increased chemical nutrition. However, the response will not be long lasting and the disease symptoms will remain, says Bragg. After infection, it generally takes about three years before the St. Augustine grass becomes weakened to the extent that it dries out or is invaded by other grasses and weeds.

Grass that survives infection may have a degree of tolerance to the virus Homeowners should look for remaining healthy clumps of grass and increase these as a possible source of resistant grass type.

"Kiddie Crusade" at Church of God Set

Services are being held nightly at Church of God, 1300 South Hall, for all children. Rev. E.M. Smith and wife are the evangelists. Rev. Smith has been participating 17 years in child evangelism. His ministry is especially interesting as he uses illustrations that the children can see and very simple preaching so schildren of all ages might understand.

Some examples are, cooking an egg in a pan that is sitting on ice, light a candle with a glass rod, make ice blaze.

Children are able to understand much more by what they can see and many have comt understand the message of salvation and accept Christ as their saviour through Rev. Smith's ministry.

"Parents, you will be held responsible for your children's training. Bring them to this Crusade, we are sure they'll benefit by it," it was urged.

FERRIS NEWS

The two events most prominent in the news this past week in Ferris were:

The opening of the Western Hills Apartment complex and the FFA Banquet.

The apartment complex is a first for Ferris. It is built in the Western Hills addition. This is a very lovely location with early morning sounds which consist of the cooing of doves and the calls of quail instead of highway traffic and the noise of trains.

The FFA Banquet which was staged by Mr. M.S. Hammack (he is a master showman as well as an excellent Ag teacher).

He likes to surprise guests, so this time he gave the Honorary Chapter Farmer Degree to Mr. C.T. (Charlie) James and Mrs. W.C. Newton. These gentlemen who were accompanied by their lovely wives were seated near the head table were very suprised when their names were called. They were asked to step forward and the degrees were handed to each, with a speech that told of the great help that they had been to the ag boys for the last 25 years.

Another surprised person was Mrs. Dorothy Hammack, when the Ag President Jim Weatherford presented her with an Honorary Farmer Degree for the wonderful way she has managed the banquets for the last 25 years.

But the biggest surprise of all was when Mr. Freddie Shaw interrupted the program and began to read a speech that told of a person - Ferris that had such a wonderful influence on the youth of this community. After praising this person for the work that the person did he read the large plaque which was made in the form of a Crest.

The wording was this: "In appreciation for meritorious service in education; for civic and christian leadership of our Ferris youth." of course it was for Mr. Hammach who received a standing ovation.

The certificate of merit winners were: Jimmy Weatherford, leadership, Mike Bodine - Livestock judging; Randy Hooper, lamb production; Billy Casper - beef production; Ray Riley - beef production.

The 1974 FFA Foundation Medal winners were: Star chapter farmer - Ray Riley; Star greenhand - Bobby Martin; Public speaking - Jimmy Weatherford; Livestock farming - Greg Wickliffe; Soil conservation - Duane Yee; Home improvement - Pet Garcia.

The Project Show awards went to: Beef Showmanship - Jimmy Weatherford; Billy Casper; Lamb Showmanship - Randy Harper, Larry Hobbs; Best Gain - Beef Cattle - Mike Bodine, Billy Casper; Best Gain in Swine - Lonnie Dalrymple, Tim Kellsey. Best Gain in Lambs - Randy Hooper, Brett Peters.

The other 1974 awards went to: Mike Bodine - The "Tubby Savell Handy man Award;" Jimmy Weatherford - the Chamber of Commerce Showmanship Award; Greg Wickliffe - The Buddy Jeffers Judging Award.

Mr. and Mrs. Lawrence Malloy left Ferris May 12 for a Carribean Cruise, while on ship board Mr. Malloy became ill. They were put ashore in Houston where an ambulance took them to a plane heading for Dallas, he was brought to Baylor where he remains at this time but is happy to say he is better and fussing about wanting to come home.

Mr. and Mrs. Gene Adams have returned from a strip that included a visit to Snyder where they visited Mrs. Estella Minor, Mrs. Adams, sister , and the McLeroys in Franklin, Texas.

On Stanley Praslica Farm —

Optimum Farm System Established at Boyce

A farming system tailored for Ellis County and adjoining counties, including levels of management necessary to gain maximum returns for production inputs, is being developed on the Stanley Praslicka farm near Boyce.

In the fall of 1973, a group of Ellis County agri-business leaders joined with the Texas Agricultural Extension Service Specialists to lay plans for this test program. According to S. W. Randolph, TP&L District Manager, and Roger Corbin, Ellis County Extension Agent. "We feel that agricultural conditions are such today that businessmen and agriculturists need to join together to develop the agricultural resources in the County." "We are in a production agriculture situation today for Ellis County agriculture to maintain leadership in the Blacklands," the program organizers continued.

Questions on kinds of fertility, time of application, method of application and combinations of fertility are being studied. Other interesting aspects of the program will reveal "Full Potential" aspects of cotton and grain sorghum production when proven practices are included in the farming system from harvest to harvest.

Thirty Ellis County businesses have made financial contributions to assure the success of the demonstration. These include: Lawson Brothers, Ellis County Savings, Citizens National Bank , Waxahachie; Citizens National Bank, Ennis; Ennis State Bank, Waxahachie Bank & Trust Company, Lyle Truck and Tractor Co., Texas Power & Light Company, Ellis County Services, Five Points Gin, Planters Co-op Gin, D&H Grain, Farmers Supply, Ferris; Waxahachie Chamber of Commerce, Waxahachie Federal Savings & Loan, Isom Implement Company, Niagara Chemical Company, Ellis County Farm Bureau, Farmers and Merchants Bank, Ferris; Trinity Grain & Elevator No. 2, Paymaster Oil Mill, Pearman-Stiller Oil Company, First National Bank, Midlothian, First State Bank, Maypearl, Monsanto Agriculture Center, Waxahachie Livestock Commission, Wilemon Gin, Agri-Business Development Council, Waxahachie Compress and Ennis Compress.

EVERY DAY THEY RIDE HEARSE

DANVILLE, Va. (AP) — To help out during the energy shortage, nine workers at the Goodyear Tire & Rubber plant here are sharing a ride they wouldn't want to make alone — in the back of a hearse.

"We were urged by the company to do something to save gas during the energy shortage," says Sylvester Madden of Blanche, N.C., a fork lift driver at the Goodyear truck and aircraft tire plant.

"So I bought a used hearse, put in an extra heater fan, bolted in five old school bus seats and went looking for riders to share the 36-mile trip to and from work."

Madden and his nine riders agree that the arrangement not only saves gas and money, but can be fun. Says Madden, "I don't know of another hearse where the riders tell jokes."

Parents of the couple are Mr. and Mrs. Jerry Allen Venable of Hurst, Richard Allan Roberson of Dallas and Mrs. Peggy Roberson of Dallas.

The new sanctuary at the church was appointed with antique lamps, white wrought iron candelabra and white garden lanterns with tapers and chains of daisies and greenery. A basket arrangement of daisies and stock adorned the altar. An antique library table belonging to the bride's great-grandparents held a basket arrangement of gingham roses and gypsophila, an antique lamp, the bride's portrait and the bride's book.

The organist, Mrs. Richard Roberson of Dallas, played several selections as a prelude to the ceremony. As the candles were lit, she and Roger Copeland at the piano played "Joy." Miss Connie Malone sang "His Way, Mine." Alan Scott sang "My Tribute" and Roger Copeland sang and played the song he composed for the couple. As the prayer song, the three together sang "Saviour, Like A Shepherd Lead Us."

Bride's Gown

The bride, who was escorted to the altar by her father, wore an old fashioned gown of silk organza over taffeta. The bodice front of chantilly lace was bordered with pinafore ruffling as were the bishop sleeves. The skirt was a pinafore effect exposing the chantilly lace on the sides and cascading into the train, all bordered with the ruffling. She wore a picture hat covered in chantilly ruffles with bridal illusion falling to the train and carried a parasol bordered in the same chantilly lace with a daisy bouquet attached.

Attendants

Her matron of honor was Mrs. Jimmy Stephens of Hurst. Bridesmaids were Misses Carla Cantrell and Vicki Crites of Fort Worth, Cyndi Cole of Bedford, Marsha Howard of Hurst, and Charlotte O'Dell of Euless. They were attired in three colors of flocked checked gingham gowns trimmed in white eyelet ruffling with white eyelet pinafores. They wore matching sun bonnets and nosegays of gypsophila and roses made from the checked gingham.

Kelli and Kendra Venable, sisters of the bride, were candlelighters; they wore blue flocked gingham gowns with eyelet pinafores. Kami Copeland was the flower girl wearing a lilac gingham gown with an eyelet apron and matching bonnet. Glen Grigsby of Euless was the ring bearer.

The best man was Michael Brown of Ennis. Groomsmen were Victor Venable and Roger Marsh of Hurst, Chuck Bohall and Larry Little of Ennis and Wade Miller of Kilgore.

Serving as ushers were Tony Neal, Bill Cole, Gary Robertson, Mark Tucker and Tim King of Hurst. The houseparty included Misses Susan Eledge and Brenda Maness of Hurst, Patsy Jackson of Fort Worth and Patty Wilson of White Oak, Texas.

The bride's mother wore a floor length gown of lilac dotted swiss while the bridegroom's mother chose a floor-length gown of yellow dotted swiss. Their corsages were of daisies and white roses.
